Grade 4 · Exit ticket · Set 1

Two-digit multiplication

Use the three answers and the final explanation to decide what to revisit. This is a formative check, not a standardized test.

1. **121** — Two-digit multiplication
2. **372** — Two-digit multiplication
3. **646** — Two-digit multiplication

Reasoning: a correct model, calculation, or explanation supports the answer.

After checking: discuss one error, model a strategy, then choose a focused practice sheet.
